

# Job Readiness

Whether a client is looking to further education, change careers or update resumes a case manager will be with them through every step. Personalized learning paths may include just one or all six Job Readiness topics.

---

## **CAREER EXPLORATION**

Assists in narrowing down career paths of interest and next steps in the decision-making process.

---

## **JOB SEARCH**

Learn job search strategies to assist you in finding employment.

---

## **RESUME DEVELOPMENT**

Learn how to highlight important information so that your resume stands out.

---

## **INTERVIEW PREP**

Interview skill practice and information to assist you with in-person and virtual interviewing.

---

## **SALARY NEGOTIATION**

Gain an understanding of pay expectations for the role you are seeking employment in and gain salary negotiation skills.

---

## **POST-SECONDARY EDUCATION EXPLORATION**

Explore post-secondary education options and educational costs that align with your occupation interests; such as vocational and technical training and academic college and university options, as well as navigating the FAFSA application process and understanding the cost of education.
